Summary: You can't live well if you don't love well

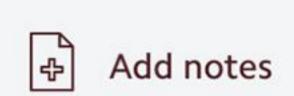

**Key Scripture (1 Corinthians 13:4):** Love is patient, love is kind. It does not envy, it does not boast, it is not proud. **5** It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. **6** Love does not delight in evil but rejoices with the truth. **7** It always protects, always trusts, always hopes, always perseveres. **8** Love never fails.

#### **How We Define Family:**

- A group of people living under one roof [household]
- A group of people of common ancestry [clan]
- A group of people united by certain convictions or a common affiliation [church, neighbourhood]

**Important Takeaway:** A dysfunctional family is any family with more than one person in it.

**Key Scripture (Philippians 2:1):** Therefore if you have any encouragement from being united with Christ, if any comfort from his love, if any common sharing in the Spirit, if any tenderness and compassion, **2** then make my joy complete by being like-minded, having the same love, being one in spirit and of one mind. **3** Do nothing out of selfish ambition or vain conceit. Rather, in humility value others above yourselves, **4** not looking to your own interests but each of you to the interests of the others. **5** In your relationships with one another, have the same mindset as Christ Jesus: **6** Who, being in very nature God, did not consider equality with God something to be used to his own advantage; **7** rather, he made himself nothing by taking the very nature of a servant, being made in human likeness. **8** And being found in appearance as a man, he humbled himself by becoming obedient to death— even death on a cross!

**Sermon Page Template:** The "Sermon" page template is one of the many single-click templates inside of Nucleus. Nucleus is a new kind of website builder for churches - to learn more, click the button below.

**Video/Audio Content:** The sermon page template begins with the recorded sermon content. In this instance we have the **Nucleus** audio player embedded. This could be swapped out for a video recording of the message also.

**Message Notes:** Dynamic message notes take a sermon page on a website to an entirely new level. For maximum readability, ensure your message notes are easily scannable. This can be achieved in a number of the following ways: short paragraphs, bold and italic formatting, bullet points, numbered lists, headings, line breaks, etc.

In this example, the Nucleus Notes feature is on display. This feture allows a user to follow along with a sermon and view the accompanying notes. But it also allows them to add their own notes along the way. Clicking on the 'Add Notes' icon will open up a text box where a user can type in their own personal notes as they listen to the sermon. The user is also able to email themselves the notes they've been taking to save them for later. Click here to learn more about Nucleus (including the ability to take and save message notes directly on your church's website).

**Sermon Series:** If your sermon is part of a multi-part series, make sure to dedicate a section of your sermon page to linking to the other messages in the series.
